

Download Libby ebooks to your Kindle Paperwhite!

Part 1 - You will need a 'smart device' to do the first part of the process. Use a desktop computer, Android phone, or Apple IOS device (ipad or iphone) to get the Libby app from the app store you already use on that device (Google Play, Apple App Store...) Follow directions on Libby help sheet.

Once you have downloaded the Libby App to your smart device, you will add a card - type in your Chippewa Falls Public Library card number.

In your Libby settings, please select the filter to **Read With...Kindle** and another filter to **Availability...Available Now**. Some ebooks may not be available in Kindle, note that those titles will not be able to be loaded by your Kindle device. See photos 1 & 2
